KANSAS FIRE-BRAND IS STORM CENTER OF CONVENTION

High Official Of The
Brotherhoods Says The
Rail Workers Cannot
Join Sympathy Strike.

FIGHT RADICALISM

Indianapolis, Ind., Feb. 16.—Conservative elements in the United Mine Workers wage convention tightened their hold on the organization today when the wage scale convention here adopted the final report of the credentials committee without seating Alex Howatt and his followers who had been suspended from the conference.

Indianapolis, Ind., Feb. 16.—Leaders of the United Mine Workers fought vigorously today to prevent their wage covenants from getting radical. Faced with the possible necessity of a strike April 1st, when the wage contract expires, President John L. Lewis and other international officers were preparing to smother completely the insurgency of Alex Howatt, the Kansas Fire Brand and his rebel followers who were expelled from the organization. A test of strength will come when the credentials committee will recommend for or against seating Howatt and one hundred and twenty-five of his men who stormed the committee in an effort to be reinstated. The test will determine to some extent the obligations and future policies of the union. A Howatt victory would threaten conservatism. The Kansas says he was crucified on the cross of injustice by the parties who deposed him from the presidency and threw him out of the convention.

Rail Worker's Position
Cleveland, Ohio, Feb. 16.—The rail road workers of America will not join a strike in sympathy with the miners if the operators fail to meet with the miners to revise the present wage scale, a high official of the locomotive engineers said today. We have very specific regulations governing this point which forbids us entering sympathy strikes. All through the negotiations which led to the announcement of the joint Railroader-Miner conference brotherhood leaders maintained they would not go so far as to call a strike in sympathy with the miners though they indicated that the two organizations were closely allied.

Warnings Sounded
Columbus, Ohio, Feb. 16.—Elimination of the great southern Ohio coal field is threatened if the wage scale proposed by the miners' convention is adopted, operators declared here today. Economic disaster, if not elimination of the great producing districts will result, was the prediction of W. D. McKinney, Secretary of the Southern Ohio Coal Exchange.

Los Angeles police, deciphering the above letter found in the effects of Wm. D. Taylor, say it reads as follows: "I love you—oh, I love you. I had to come down because mamma remarked that I always seemed to feel rather happy after being out with you. So here I am. Camouflage. Furthermore, I am feeling unusually fine. I will see you later. God love you as I do!" The signature was not divulged.

DEMOCRATS WILL INSIST ON KNOWING SOURCE OF FOUR POWER PACIFIC PACT

Washington, D. C., February 16.—In an effort to trace to its source and establish publicity of the four power Pacific treaty, Democratic Senators will support the Hitchcock resolution. Some observers today saw in the Hitchcock resolution a Democratic breaking away from Senator Underwood's leadership. The resolution may be adopted by the Senate, but its sponsors do not expect that it will result in revealing the history of how the four power pact was made. That story has never been told outside the secrecy of the arms conference. The Democrats insist that it shall be told, though they expect some difficulty in bringing it out.

LLOYD GEORGE PAYS GREAT TRIBUTE TO ARMS CONFERENCE

London, Eng., Feb. 16.—Danger of war in the Pacific has been averted by the Washington Arms Conference, Lloyd George declared today in a speech. "The shores of the Pacific were littered with explosive material and at any moment things might have happened to precipitate the world into the carnage of a great war," he said. "The United States has established a great precedent, taking the situation in time it cleared away the suspicions and misunderstandings."

Three Williamsport Men Injured In Rail Wreck Near Washington, D. C.

Washington, D. C., Feb. 16.—Four men were injured when three cars of a Pennsylvania Railroad train were derailed near here today. All are reported as recovering satisfactorily. The derailment occurred at Odenton, Md., due possibly to the detachment of a truck from the bottom of a car. Three of the injured men are from Williamsport, Pa., and the other from Baltimore.

Sleep Walker Plunges From Roof Of Building; Is Picked Up A Corpse

New Castle, Pa., Feb. 16.—C. W. Richardson, 50 years of age, a representative of the Fisk Rubber Company, of Youngstown, Ohio, plunged to his death today when he stepped from the roof of a building in his sleep. The body, dressed in night clothes, was found two hundred feet from his hotel, indicating that he had climbed to the roof and walked out over other roofs before falling.

Police Say Woman Shot As Burglar Was Shot In Bed; Husband Held

Pittsburgh, Pa., Feb. 15.—Mrs. James J. Flannery was killed in her home early Monday while she lay in bed, police declared they learned today. The bullet was found beneath the bed and had gone through the bed clothing. Flannery, member of a prominent undertaking firm is being held in jail here without bail pending the inquest. He told police that he had shot his wife in mistake for a burglar.

Prosecutor Admits He Is Without A Clue In Taylor Murder Mystery

Los Angeles, Cal., Feb. 16.—We are no nearer finding the key to the mystery of the murderer of William D. Taylor than we were on the day of the crime, District Attorney Woolwine said today. The tragedy was reenacted in Taylor's bungalow by Under Sheriff Biscavilus and others in an effort to ascertain whether the whether the dead man's body had been carefully laid out on the floor after the shooting. The experiment showed, however, that a limp body would be liable to fall and lie just as Taylor's did.

After grilling numerous blackmail suspects the authorities said they had no connection with the Taylor case. A check-up on Taylor's assets resulted in the conclusion that several thousand dollars' worth of oil stock and considerable money is gone. According to Public Administrator Frederick Driscoll, Taylor had planned to pay income tax upon greater assets than were found among his effects.

New Storm Is Headed For Atlantic Coast; Many Ills Predicted

New York, N. Y., Feb. 16.—A new storm threatened the north Atlantic coast, the Weather Bureau warned today. The storm is now off Cape Hatteras and moving rapidly northeast accompanied by gales. It is due to hit the coast tonight.

Hoboken, N. J., Feb. 16.—Today's and yesterday's snow storms are just the beginning of a period of snow storms, cold waves and scandal among females of high repute, Professor Gustave Meyer, Hoboken Astrologer, said today. There will be several periods of heavy storms during February, one particularly severe storm ending on February 21st. Basing his announcement on the position of the stars Prof. Meyers said that during this time there will be all the episodes mentioned above as well as much agitation in Congress, wrecks on electric railways, etc.

Hackensack, N. J., Has Five Deaths Reported From Poisoned Booze

Hackensack, N. J., Feb. 16.—Another load of deadly poison booze has been dumped on the market. Five wood alcohol deaths in Ridgefield Park have been reported to the police today. Reports of additional deaths and victims stricken blind are expected. Police are searching for the poison boot-legging gang who are putting this stuff on the market.

Tex Rickard Indicted On Serious Charges

New York, N. Y., Feb. 16.—George L. (Tex) Rickard, famous boxing promoter, was indicted by the grand jury today on charges made by three young girls. Two indictments were voted against Rickard, each containing three counts. These were based on the testimony of Alice Rick and Sarah Schoenfeld, fifteen year old girls. These girls say that Rickard lured them to his office in the tour of Madison Square Garden; which was formerly the studio of Stanford White in which parties described in the famous Thaw trial occurred. They also allege he took them to an apartment house on West Fortieth Street. Rickard's attorneys were notified to have him appear in the Supreme Court at once to plead to the charges. He is already out on \$10,000 bond which he supplied.

GOTHAM BANDIT CHIEF CAPTURED

New York, N. Y., Feb. 16.—New York police today captured Henry Neilson, aged 25, alleged master bandit. He is believed to be the chief of a gang of men who are responsible for many robberies during the last few weeks. Neilson is said to have confessed to participation in several big jobs. They expect further confessions and predict his arrest will result in breaking up more outlaw gangs.

SOLDIER MEMORIAL COMMITTEE MAKES RECOMMENDATIONS

Assembly Authorizing

UP TO GRAND JURY

Sales Tax Only Bonus Solution Says President

Washington, D. C., Feb. 16.—The soldier bonus should be postponed until a more favorable time unless Congress is willing to adopt a general sales tax, President Harding declared in a letter to Chairman Fordney, of the House Ways and Means Committee today.

The proposal for a suitable Soldier's Memorial, a matter that is of great importance and which should have been brought to a conclusion long before this time, in order that this county be credited with showing the same gratitude to ex-service men of all wars that other communities have shown, went another step forward a couple of weeks ago when a meeting of an important sub-committee met at the office of Attorney Walter Welch where preliminary plans were laid. This committee was composed of Col. F. D. Kerr, Attorney Walter Welch and G. A. Stewart. A plan was formulated and a further meeting of the entire nine members of the committee was held. Following this meeting, which was held at the council rooms a report was made to Chairman Singleton Bell. The report calls on the chairman to proceed under an act of Assembly which authorizes the construction of memorials, the first move on which will be the presentation to a Grand Jury of a petition from citizens. The full report is as follows:

Hon. Singleton Bell,
Clearfield, Pa.

Dear Judge:—
The committee which you named some time ago to take preliminary steps looking towards the construction of the memorial after several meetings decided at its last meeting to make the following recommendation:

"It is the recommendation of this committee that the general chairman cause the necessary petition to be prepared to bring about the erection of a Memorial in accordance with Act No. 15, Pennsylvania laws, 1921, the cost not to exceed \$150,000 to be defrayed under the terms of said act.

The plans will be furnished by this committee when the general committee is ready to accept definite plans for the building.

That the General Chairman, in addition to causing the necessary petition to be signed and submitted to the first Grand Jury sitting and any subsequent Grand Jury sitting that may be necessary, take such other steps as may be required legally."

Yours very truly,
FREDERICK B. KERR
Chairman Sub-Committee

Mrs. Singleton Bell left yesterday for Philadelphia where she will be joined on Saturday by her daughter Miss Gertrude Bell, who has been this week in New York.

BUSINESS ON THE UPWARD TREND SAYS BIG FIRM IN REVIEWING SALES RECORD

Dayton, Ohio, February 16.—Sales reports of the National Cash Register Company for the last month indicate a big improvement in business conditions. The cash register industry is considered a barometer of the nation's condition and it shows clearly that business is beginning to reap returns from the seeds of hard work sown last year. J. A. Powell, Executive Secretary of the Company, declared today the sales reports revealed an increase of \$200,000 over January, 1921, a ten per cent gain in foreign business and similarly encouraging conditions for the first half of January. The next few months will mean the same hard fight that business men had in 1921, only the trend will be upward instead of downward. Secretary Powell said September will find business squarely back on its feet, but there will be no booms.

Watson Prefers Charge Against Sec'y Mellon; May Ask Impeachment

Washington, Feb. 15.—Secretary Mellon is holding the office of secretary of the treasury in violation of the law and can be arrested for retaining the place if any one sees fit to swear out a warrant for the offense, Senator Watson declared today.

The law which Mr. Mellon is violating, he said, prohibits the secretary of the treasury from engaging in any kind of business.

Senator Watson said that Mr. Mellon could be impeached "any time we see fit," and read to the Senate the provision of Section 242 of the revised statutes which he declared expressly forbade Mr. Mellon to retain his place. He declared that by staying the secretary was violating the law, adding that it was generally known that Mr. Mellon was one of the wealthiest individuals in the country.

Senator Watson asked Senator Heflin for his opinion on "what the people will think of the way our government is being run when a criminal, unconvicted but disobeying the law, is left in charge of our national funds and the refunding of debts of \$10,000,000,000."

Senator Heflin said that Senator Watson had shown that Mellon was violating the law.

The assertions by the Georgia senator were made in connection with several speeches on the accomplishments of the two major parties. He informed the Senate that the law was passed in the first congress and that during the administration of President Grant the name of A. T. Stewart had been withdrawn as a nominee for secretary when attention was called to provisions of the act.

Five Men Will Guard The Peace At Punxsy; Banks Employ Able Man

In addition to four regular policemen in Punxsutawney the banks of the town have employed C. E. Palmer former chief of police to look after their interests.

Mr. Palmer looked after the welfare of that town for 30 years and knows a bad man when he sees him. During his service to Punxsutawney he was successful in rounding up more crooks than any officer in this section of Pennsylvania.

Burglars attempting to force an entrance made into a bank here will have a good big, husky citizen, full of courage and resource to surmount and it might be just as well for them to confine their nefarious efforts to Bells Mills.

INCREASED PENSION IS PROCURED FOR TWO CLEARFIELDERS

John M. Bain, authorized Claim Agent has been successful in getting through the government channels two pension increases for Civil war veterans in this community who are deserving men. The recipients of the increases are William C. Robbins, a member of Co. C, 51st Infantry of Illinois and John M. Hastings of Co. F, 1st Battalion. Both of these men have reached that time in life when this additional sum of money will bring the comforts they so much deserve. Comrade Robbins will receive his increase dating back to May 12 of last year and Comrade Hastings will receive from July 11th.

A. M. Wright returned today from Philadelphia to spend the week end in town with his family.

Reynoldsville High Is Basketball Attraction Here Tomorrow Evening

On the last two Friday's of this month Clearfield High will play their final home league contests with Reynoldsville and Punxsy high schools respectively.

Both of these Jefferson county teams are of high calibre, their relative strength can be judged by the fact that Punxsutawney won from Reynoldsville at Punxsy by one point 28 to 27. Reynoldsville out scored the home team from the field 9 to 8, but lost out when it came to foul shooting.

Reynoldsville Here Tomorrow
The Reynoldsville five, led by Capt. Sam Schettino, veteran of several seasons, with two men from the 1920 team again in school, have one of the most experienced quintets in the league, and have been traveling at a fast clip all season. They swamped DuBois, holding the city terrors to 10 points at DuBois. Clearfield will endeavor to turn the trick on their home tomorrow night.

For Hard Week End
Coach Crane has been driving his charges hard all week, as the local students have two hard games this week-end the second to be played at Huntingdon with the Huntingdon High School, Saturday night.

HAWK RUN POST OFFICE WILL BE DISCONTINUED

After February 28th, the post office at Hawk Run, Clearfield county will be discontinued, notification to that effect having been sent from the Postal Department at Washington to the Phillipsburg office.

The people at Hawk Run who have been sending and receiving their mail through the office there will be inconvenienced considerably, as all mail directed to Hawk Run will come to the Phillipsburg office, where those to whom it is directed will have to call for it. Families residing along or near the rural route can, however, have boxes placed for mail. The route is not through the village. It is about a quarter of a mile distant at its nearest point.

There are about 900 people in and near Hawk Run.

It is said some of the people in and planning to get out a petition of protest against the abolishment of the office.

PENNSYLVANIANS FOR BONUS Twenty-eight Representatives Favor Aiding Service Men

Washington, Feb. 15. (Special).—The proposed soldiers' bonus is strongly favored by members of the Pennsylvania delegation in Congress. According to a poll taken today, the count for the bonus is twenty eight out of thirty six Representatives.

The only man avowedly opposed to the bonus is Congressman Louis McFadden, who is considered one of the most capable financial experts in the House. All of the delegation are swamped with mail urging various actions in regard to the bonus. Results of the poll follow:

Favorable—Burke, Walters, McLaughlin, Vane, Ransley, Edmonds, Connolly, Darrow, Griest, Connell, Coughlin, Rober, Gerner, Fecht, Kline, Krieder, Rose, Brooks, Jones, Wyant, Kendall, Shreve, Kirkpatrick, Strong, Bixler, Porter, Kelly and Morin. Total, twenty-eight.

Opposed—McFadden.

Undecided—Crago, Graham, Butler, Watson, Kiess, Temple and Campbell.

PROTEST ON ROUTE HOLDS UP NEEDED PIECE OF ROAD

Highway Department Is
Holding Up Calling
For Bids Until Differences
Are Composed.

SETTLE IT NOW

There is no immediate prospect of the Curwensville to Grampian link of the Lakes to the Sea Highway being built this spring.

A local dispute over the route this road should follow is holding up the entire building program.

It is up to the people of the community affected by this road to compose their differences in the interest of the common good.

Such is the opinion brought back from Harrisburg by a delegation of representatives of Clearfield County who visited the capital this week to look into the prospects of an early resumption of road building in Clearfield county. The delegation has returned home not over enthusiastic in regard to the prospects for seeing the connecting link between Curwensville and Grampian on the Lakes-to-the-sea Highway put up for bids this spring. It seems that the protest regarding the route to be followed has reached the highway department and the state officials are loathe to go ahead with a project over which there is a difference of opinion in the localities affected.

It will be recalled that the state highway department figured out a route for the highway between Curwensville and Grampian that would follow up the valley to Bridgeport, giving a route that would afford a four per cent grade, instead of the 2 per cent grade on the old route. This route was determined upon some time ago as the most feasible, and the survey was made by the state. These were no objections entered at the time, but as the date for a possible letting approached, opposition developed to a change of the route, and this protest evidently has had its effect with the highway department, as it is declared that nothing will be done with this particular piece of road for the present, although it is understood that surveyors are now at work on the old route.

Just what will be the final outcome of the matter is problematical, but it seems almost certain that the immediate result will be a postponement of the building. It is to be regretted that any delay is encountered.

EVANSTON SAGE LAYS DOWN SPANKING RULES

Chicago, Feb. 16.—Max Witkov, justice of the peace and sage of Evanston who decrees what Northwestern university boys and co-eds may not do and what will happen if they do—today handed down a new catalogue whose ten high crimes and misdemeanors are punishable with spanking.

The rules designed to apply to all students and just kids, are to be enforced, in case of masculine offenders, by Policeman Carl Exman and in case of girls by Policewoman Georgiana Jerrell. The minimum spank sentence is five and the maximum twenty-five.

Here are the rules:

- Don't wear sloppy (I. E. unbuttoned) galoshes.
- Don't swear in public unless 21 or over.
- Don't use cigarettes unless 21 or over.
- Don't spoon in an automobile where the public can see.
- Don't get dormitory decorations by stealing "souvenirs."
- Don't take some one's else auto for a joy ride.
- Don't "fly ride" (I. E. ride on running boards, radiator or tire carriers) on automobiles.
- Don't hook bobbeds or sleds on automobiles.
- Don't roller skate in the downtown district.
- Don't be a rowdy in an ice cream parlor.

PROTEST ON ROUTE

(Continued from Page One)

because of the fact that this stretch of highway is one of the few remaining pieces on the Lakes-to-the-Sea Highway not yet put up for bids, and it was hoped that it would be scheduled for this summer.

It is also reliably stated that there is absolutely no prospects for securing the building of the Falls Creek road this summer. Hence efforts have been made to get the Highway Department to take action on this section, but it is now stated that nothing can be done during the coming summer.

It would seem, therefore, that nothing can be expected for Clearfield county for this spring except the stretches of highway already mentioned—namely Curwensville, Pike township, Knox township, Sandy Ridge and Osceola.

It is just possible that the differences over location of the route will be ironed out in time for the letting this spring, and all efforts will be made in this direction, but the situation just at present is not very hopeful.

In view of the collapse of the Watson charges as to illegal hangings in the A. E. F., the charges he prefers today against Secretary Mellon, are hardly worth notice. Watson stands discredited on too many counts.

It appears from the records, and from an impartial view of the legal rights of a Lieutenant Governor, that Mr. Beidleman was entirely within his rights in permitting a law firm in which he was a partner to accept a fee from the state for legal services. There is no denying that the fee, however, is a fly in the political ointment because it permits of a very general application as political capital.

A contemporary sagely remarks that Clearfield county voters have in few instances looked with favor on an editorial candidate. Perhaps the reason for this is that editors love each other so little that no one of them ever says a good thing about another except he live out of his business radius. Well, there have been exceptions, and in these exceptions there is hope eternal. According to the dope in Odds and Ends today the writer has about thirty-five years to live. Surely persistence will have a reward.

Perhaps another reason is that editors have a fashion of speaking their mind very freely. Many candidates for public office are able to carry to their new offices a bundle of thought which, had it been known beforehand, would have resulted in their defeat. An editor's position on almost any subject is an open book. If he is conscientious he does not write to please or to create opinion, but rather he seeks to interpret public opinion and reflect the views of the majority of his readers. In doing so he cannot please all; does not try to. We prefer to be an editor rather than a politician; to publish a newspaper and not run a political organ.

Enough for the ego. There are more important topics today. The bonus must and will be paid. It is quite natural that those it will hit the hardest will protest and the wave of protest over every plan of financing advanced is the best evidence in the world that everybody is willing to let the other fellow pay it and pay nothing toward it himself. The Progress believes the bonus matter has been unduly stressed. The means can be provided and in a way that will not be such a hardship. America is not hard up. We are simply out of joint. We do not need a Ponzi. We need a Lorenz to adjust our financial backbone. We may need an old-fashioned "cutting" surgeon to take from the spinal region a lot of the foreign growths which have fastened themselves on the governmental organs.

No less does our state government need an overhauling. Of the many who seek to sit in the governor's chair, in addition to their being men of good morals, sound judgment, tried patriotism; no one thing is of so much importance as a definite program for a new system of state finance. Truly our methods are out of joint with the times. At no time in the last two decades has there been such a real need and demand for party platform in state government as at present, and the party that presents an efficient method of conducting the affairs of the Commonwealth, is destined to win. It will not be sufficient for a party or candidate to condemn the old. People are not interested in the fault-finder, the muck-racker. A concrete program is demanded as to how our business is to be conducted in the future, and together with this, there must be a confidence that the men proposing it and those who are seeking election on it, have the ability and the intention of carrying it out.

LUNCHEON FOR

COL. THOMPSON

A little side issue to the visit of Commander Joe Thompson and his staff who visited here Tuesday which added much to the enjoyment of the genial soldier and his aides was a luncheon given by his old friend, Judge John W. FORMER PHILIPSBURG LADY DIES

A telegram received yesterday morning by J. E. Fryberger of Philipsburg, announced the sudden and unexpected death of Mrs. Lena W. Duncan, at her home at Mont Clair, New Jersey. She had apparently been in normal health and her unexpected passing away proved a shock to relatives and friends here. Burial will be made at Lewisburg.

Mrs. Duncan, was the widow of the late William P. Duncan formerly president of the First National Bank of Philipsburg and prominently identified with other local business interests.

Two daughters survive. They are

Mildred, wife of Malcolm Macfarlane of Mont Clair and Miss Natalie, at home. A brother, Harry Derringer of Spangler and two sisters, Mrs. J. Herman Ireland, of Baltimore and Mrs. J. Horton Kelley, of Delaware also survive.

Great Healer For Sores, Cuts, Scalds, Burns and Bruises

Great Antiseptic Ointment Called San Cura that Your Local Druggist Sells on Money-back Plan.

"Arm badly scalded with steam," writes Gilbert Hard of Rimard's Mills, Ohio; "San Cura Ointment relieved the pain at once and arm healed rapidly. It is a wonderful ointment."

Here's another: Ellis W. Frankenstein, Titusville, Pa., broke his leg; was in bed six months; discharged from hospital as incurable; was five years on crutches, while opening in leg continued to discharge pus; suffered terrible pains; San Cura Ointment drew out poisonous pus and many pieces of bone; now perfectly healthy; sore healed, and weight increased from 86 to 121 pounds.

San Cura Ointment is such a marvelous healing antiseptic ointment that it is sold on money-back plan.

It relieves itching skin, tetter, eczema, salt rheum, old running and fever sores, ulcers, boils, carbuncles, sore nipples, piles, frostbitten feet, chilblains, catarrh and chapped skin.

San Cura Ointment—35c, 65c and \$1.25 at all Drug Stores.

CURWENSVILLE

The Seniors of our High School will try the famous Plummer Bread-of-Promise case in the Opera House next Wednesday night, Feb. 22nd. This case grew out of an estrangement of affections between Mr. Highty-Tighty and Abigail Plummer. The cast of characters is as follows: Squaw Wright, Wm Snyder, Bailiff Benj. Boags, John Bowers, Alonzo Highty Tighty, Reuben Norris, Abigail Plummer, Elizabeth King, John Goodman (Council for Plaintiff), Geo Wigley, Joe Sharp (Council for Defendant), Byron McDowell, Mrs. Alonzo Highty Tighty, Olive Eckert, Jane Walsh (witness), Hazel Weber, Luty Weber (witness), Elizabeth Hall, Bridget O'Rourke (witness), Helen Clark, Mrs. Charity Plummer (witness), Edith Sawtelle, Mercy Love (witness), Cora Wolfe, Amelia Oldgirl (witness), Mary Shuk. A musical program will be carried out with the trial and many specialties introduced. The other members of the class will constitute a jury and other attendants of the court room. Mr. John Norris, manager of the Opera House, has limited the sale of tickets and those wishing to make sure of the evening's entertainment should secure their seats early.

Mrs. Mildred Tate spent Sunday with Miss Edna McCracken on "The Old Farm" on Big Clearfield Creek.

The high school Annual will be a real picture gallery. It will contain over 80 pictures. Besides these pictures it will contain a valuable directory and interesting reading material.

Born to Mr. and Mrs. Edw. A. Gallagher on Irvin Hill, Feb. 14, twin sons.

Mrs. Tom Horn and Miss Janet Houtz, of Philipsburg, were guests of Mrs. C. S. Russell on Wednesday.

Mrs. Dean Hile returned on Tuesday from a visit with her grandparents in Philipsburg.

Miss Leonore Ake, of Philadelphia is visiting her parents, Dr. and Mrs. N. F. K. Ake.

Mr. and Mrs. Ed Kirk, of Lumberton City, took in "The Old Nest" in Curwensville yesterday.

Mr. John Furgeson, of DuBois, visited friends in town on Wednesday.

Grant Norris, Principal of our school, will address the Altoona School Board of Education on Friday night, together with a number of invited guests. On Saturday following he will join 898 other Blain county citizens on a special train for Harrisburg to wait on the Governor and his staff in the interest of transcendental and psychological betterment of the cosmic homo. Some of our Curwensville spirited citizens expect to join this special train at Tyrone.

HEARTBURN AND CONSTIPATION

They Quickly Make One Nervous and Sleepless

Heartburn is simply an indication of the manufacture of poisonous acid and gas in the stomach. The throat becomes the chimney of the stomach through which some of the gas escapes giving one a foul breath and causing great pain at times. Usually where one has this symptom of stomach trouble it is found that the sufferer is greatly constipated which aids to the physical discomfort and the danger of a general physical breakdown. It is astonishing the number of women who suffer from indigestion and constipation and especially when there is in every drug store a family remedy which quickly regulates and restores them to health if they will just get it and use it.

From Muskegon, Mich., Mr. G. non tells us that she was a great sufferer—that after eating she would form in her stomach, giving her heartburn and stomach pains until she could not sleep. Sometimes the gas distended her so that she had pains in the shoulder blades and would not get the heart from less than one full bottle. She found such quick and certain relief that she slept soundly, ate anything she wished without discomfort and had no return of the trouble when she wrote us. You can get Nerv-Worth at any drug store. It is always on sale at Stewart's Drug Store in this city—one dollar a bottle and all druggists are authorized to give the money back if the first bottle fails to give satisfaction.

Warren Kephart, School Director, visited the schools this week and is making an interesting report of what he observed in the rooms.

The school teachers this year are loud in their appreciation of the board of education. There has been no friction and the board is co-operating in every way possible to make this a worth while year in the Curwensville schools. When you meet one of the school directors speak to him. This is all the pay he gets.

Mrs. S. C. Russell has offered a splendid picture of her father to the public schools. The one hanging now in the high school study hall is not as good a representation of this honored man as the one about to come into the possession of the schools. Announcement of the reception of this picture will be made later.

"Papa, how much will you take for me?" Should I have as good a school building as my cousins in Clearfield?

SHAWVILLE

Mr. and Mrs. Carl Kyler were week end visitors at the home of Mrs. Kyler's parents, Mr. and Mrs. Joseph Kyler.

Meal Kyler was a Clearfield business visitor on Monday.

William Rich attended the funeral of his nephew at DuBois on Friday. A jolly quilting party was held at the parsonage on Thursday. The occasion was the fifty eighth birthday of Mrs. Van Note. A fine birthday dinner was served.

Mr. and Mrs. Carl Kyler stopped over night on Friday with Mr. and Mrs. Walter Condon.

An entertainment will be given at the Shawville church on Monday evening by Prof. Harry D. Minard, Lyceum Reader and Elocutionist.

George Lingle was a caller at the home of Mr. and Mrs. William Rich on Saturday.

Mrs. Edward Killinger spent the day at the parsonage on Friday. The inclemency of the weather prevented services being held at the Shawville church last Sunday.

NEVER FORGET

When you feel hopeless and despair of ever getting back your health there is an emedicine that you should try before giving up altogether—Bulgarian Blood Tea assists nature to flush the poison soaked kidney, stir the lazy liver, gently move the bowels and purify the system. And when you take it steaming hot at bed time it breaks up a bad cold and guards against influenza, pneumonia or other sickness. Why not ask your druggist, or grocer for a trial box today.

"After that," said the man, "It's not the mule's fault"

Blame for injury depends on how much chance the victim had to make himself safe.

"The first time a mule kicks me," said a wise man, "it's the mule's fault. If it happens again, it's my fault."

A good many people are staying within kicking distance of tea or coffee, who have had a chance to know better.

They have learned that tea or coffee at night keeps them awake. They know what medical opinion has so often said about the effect of the drug element in tea and coffee upon the nervous system—and how indigestion, headaches, high blood pressure and various ills so often follow the use of tea or coffee.

Knowing this, they fail to keep out of the way. Where does the

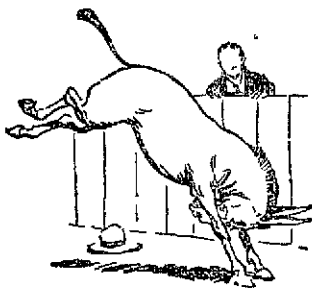

blame belong, then, when the final break-down comes?

There's safety in Postum, and charm, too. Postum has a full, rich flavor much like that of the better grades of coffee, and it is free from any harmful element whatsoever.

Whether or not you've had your warning from tea or coffee, why not step over on the safe side? Why not do what so many others have done—try Postum for ten days, learn how delightful and satisfying it is—and learn how much improvement there can be for you?

You can get Postum wherever good food and drink are sold or served, and it only takes a word from you to your grocer or restaurant waiter, to make this move to the safe side, at once.

Postum comes in two forms. Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

QUIET HOUR SERVICE WELL ATTENDED

The snow storm, leaving in its wake somewhat treacherous streets, had little or no effect upon the attendance at the "Quiet Hour" service in the Lutheran Church last evening. These services have been well attended during the present pastorate but during the past year the interest has been growing and last evening the attendance reached the high water mark—there being 148 present.

The pastor is very proud of his people for their loyalty and the splendid spirit of co-operation they have shown in every phase of church work. He is proud to be able to say with Mhemiah "For the people had a mind to work." This augurs well for the future of St. John's leader.

Do your washing this way---

HAVE FREEDOM FROM ALL
WASHDAY WORK

There are many ways of doing the washing, and most of them are good ways—

But here's the simplest way of them all—

You merely gather the family, washing into a bundle, call us, and the washing is done—no muss and stir about the house, no work or worry for yourself, no laundress to dicker with—yet your washing comes back punctually, everything fresh and sweet and clean, and as daintily ironed as if you had done it yourself.

That is what we mean when we say **Finished Family Service.**

Give us a trial—you'll find ours the most convenient and economical way of washing.

Put in a call today and we will have our representative take up your next washing.

MRS. HATFIELD
SABINA, OHIO

In Pitiable Condition when she Began
Taking Lydia E. Pinkham's
Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and irregularity. I was weak and nervous and could hardly stand on my feet long enough to cook a meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. WELDON G. HATFIELD, R. R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, headache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial. It surely helped Mrs. Hatfield, just as it has many, many other women.

FISH FOR FRIDAY

We're going to have some mighty good fish for you here on Friday. There's going to be most of the kinds you like and you'll find that they're just as fresh and solid as when they came out of ocean or lake.

We're going to have some fresh steaks that will make a great meal.

Oysters—of course.

THORN BROS.

HATS FOR DRESSY OCCASIONS!

The use of laces in Millinery for Winter has given rise to many unusual and attractive Hats. The vogue of Black is well established, but it is softened with rich Laces and metallic weaves.

These produce a most graceful effect for afternoon or evening wear, and will be much in evidence at the theatres and cabarets during the coming season.

Fixing Your Watch Is A Matter Of Precision

You can't fix a watch like you'd fix your Ford. Of course your Ford will run with sort of a patching up, but when it comes to your watch, there's a vast difference. Every little thing has to be absolutely in its position and you'll find that the watches that are fixed here will run right and be right.
